

Curriculum Vita

PERSONAL DATA

Family name: Obaid **Forename:** Jamil **Middle name:** Mohammed Abduh Saeed

Date of birth: 1976 **Gender:** Male **Nationality:** Yemeni

Marital status: Married – Have three boys and one daughter.

Mobile: +967-773979848, +967-736840056

Email: Jamilobaid@yahoo.com, Jamilobaid@hotmail.com

Language skills: Arabic (Mother language)

English (excellent)

French (good)

CURRENT PROFESSIONAL POSITION

Position: Head of Medical Laboratory Sciences department

Assistant Professor of Immunology (Immunohematology).

Institution: Ibb University **Faculty:** Faculty of Medicine and Health Sciences

Department: Medical Laboratory Sciences

Address: Ibb city–Assalaba **Country:** Yemen Republic.

RESEARCH AMBITION

My research scope is in the fields of Immunology regarding Vaccine, Immune response to infections, Immunohematology, Tumor Immunology, Cellular and Molecular Immunology, Medical Microbiology, Molecular Biology and Biotechnology.

EDUCATION AND QUALIFICATIONS

2010-2015	Medical Research Institute Alexandria University Egypt	Ph.D in Immunology and Allergy
------------------	--	--------------------------------------

2006-2009	Faculty of Science Suez Canal University Egypt	M.Sc in Microbiology
1995-1999	Faculty of Medicine and Health Science Sana'a University Republic of Yemen	B.Sc in Medical Lab Science

THESES TITLES

Ph.D Thesis: Immunological Aspect of Hemolysis Within Beta Thalassemia Patients: Role of Allo- and Auto-antibodies, and Complement Inhibitor CD55.

M.sc Thesis: Developmental Trials on Uropathogenic *Escherichia coli* Vaccine.

PUBLICATIONS

1. **Abo El-Nazar SY, Ghanem AM, El-Hadidi AS, Mersal BH, Obaid JM.** Increased Monocytes Expression of FcγR1 Accompanying Red Cell Sensitization in Beta Thalassemia Patients. (accepted paper -under publication) 2017.
2. **Mansour SR, Elshahedy MS, Rabie TE, Fetaih HA, Obaid JMAS.** Post-vaccination studies on mice vaccinated against uropathogenic *Escherichia coli*. CATRINA (2015), 11 (1): 73 -79.
3. **Obaid JM, Abo El-Nazar SY, Ghanem AM, El-Hadidi AS, Mersal BH.** Red blood cells Alloimmunization and autoimmunization among transfusion-dependant beta-thalassemia patients in Alexandria province,Egypt.Transfusion and Apheresis Sciences.2015 DOI:10.1016/j.transci.2015.03.006
4. **Obaid JM, Abo El-Nazar SY, Ghanem AM, El-Hadidi AS, Mersal BH.** Compensation of CD55 uderexpression on red blood cells of beta thalassemia major patients. Hemoglobin. 2015;39(3):1-6.

5. **Obaid JM, Abo El-Nazar SY, Ghanem AM, El-Hadidi AS, Mersal BH.** Expression of CD55 on red blood cells of beta-thalassemia patients. Hemoglobin. 2014;38(5):339-44.
6. **Obaid JM, Mansour SR, Elshahedy MS, Rabie TE, Azab AM.** Uropathogenic Escherichia coli isolates with different virulence genes content exhibit similar pathologic influence on Vero cells. Pol J Microbiol. 2014;63(1):43-9.

TEACHING AND WORK EXPERIENCE

- | | |
|------------------|--|
| 2017-2018 | Head of Medical Microbiology department, Faculty of Science, Ibb University |
| 2016-now | Head of Medical Laboratory Science department, Faculty of Medicine and health sciences |
| 2015-2017 | lecturer in Immunology, vaccinology, clinical microbiology, parasitology, virology and hematology at Ibb university, Alwahda university and University of Science and technology.
Manager of Alnokhba medical laboratories. |
| 2001-2006 | Five years teaching the practical part of Medical microbiology, Diagnostic microbiology, hematology, Human physiology for undergraduate students at Medical Microbiology Dept., Faculty of Science and Faculty of Dental Medicine.
Supervision on many undergraduate projects of Medical Microbiology Dept. students. |
| 1999-2006 | Medical Lab pathologist and senior pathologist at many Hospitals, Medical Centers and Private Clinical Laboratories in Sana'a and Ibb cities, Republic of Yemen. |

CONFERENCES AND WORKSHOPS ATTENDED

- | | |
|--|--|
| 28th -29th March 2018 | Workshop on "Clinical Practice of blood transfusion, |
|--|--|

- Role and responsibilities of medical laboratory specialists according to international authority standards" at Medical Laboratory Sciences department- Faculty of Medical Sciences- International Malaysian University, Ibb, (Coordinator and Lecturer)
- 4th January 2018** Biosafety and biosecurity workshop in the medical and biomedical laboratories, Republic of Yemen, Faculty of Medicine and Health Science, Ibb University in cooperation with American Society of Microbiology and Yemeni Society for Microbiology.
- 26th-27th August 2017** Workshop on "Theoretical Basics and Applications of Some Molecular Biology Techniques" by Medical Microbiology Department, Faculty of Science, Ibb University (Director and Lecturer)
- 11th-18th June 2017** Course specification workshop for the second year of medical students at Faculty of Medicine and Health Sciences in cooperation with The Center of Development and Quality Assurance
- 28th-29th December 2016** Training course in "Skills of Department Strategy Preparation and Academic Programs Description" by The Center of Development and Quality Assurance
- 26th-27th October 2016** Training course on "The effective teaching skills", by The Center of Development and Quality Assurance, in cooperation with The Center of Qualified and Educational Research, Ibb University.
- 6th-11th August 2016** Planning the strategy and specifications of Medicine and Medical Laboratory Science programs workshop, Faculty of Medicine and Health Science, Ibb University.
- 23rd – 26th September 2014** 6th international conference and 18th annual conference, "Multidisciplinary Approach in Cancer Management", Medical Research Institute, Alexandria

- University, Egypt.
- 17th June 2014** "Basic introduction to proteomics MALDI TOF/TOF workshop", Faculty of Medicine, Alexandria University, Egypt.
- 14th -15th December 2010** 6th Quality Assurance and Laboratory Management & 3rd Annual Conference of Alexandria Clinical Pathology Department, "Proteomics, transplantation & Laboratory Accreditation", Faculty of Medicine, Alexandria University, Egypt.
- 19th – 22th October 2010** 4th international conference and 16th annual conference, "Advance in medical research. Quality in medical education and practice", Medical Research Institute, Alexandria University, Egypt.
- 8th March 2009** Symposium on "Epigenetics- you and what you eat, and Omics past and Future", Biotechnology research center (BRC), Suez Canal University, Ismailia, Egypt.
- 8th- 9th July 2008** Third international conference of ESES, "Future Trends of Genetics and Biotechnology For Safe Environment", Suez Canal University, Ismailia, Egypt.
